

SHARON'S STORY

OVERVIEW

Sharon, an A-Level student interested in Biomedical Sciences, was mentored by Shibrha from Aon, who had volunteered with us on two previous occasions.

As the Head of Employee Relations Leadership, Shibrha was able to provide valuable insights and help prepare Sharon for the working world.

TESTIMONIAL

"I genuinely appreciate the time Shibrha has devoted to assisting me in overcoming challenges, identifying strengths, providing constructive feedback and helping me to navigate through different aspects of my career aspirations."

OUTCOMES

Throughout the mentoring programme, I have gained valuable insights, guidance, and support that have greatly contributed to my personal and professional growth.

Discovering that passion is the driving force behind impactful communication has encouraged me to connect more authentically with my audience and emphasized the importance of showcasing my personality during speeches.

My mentor's guidance and feedback provided me with a clear understanding of how to structure my CV and showcase my strengths.

The feedback I received from the mock interview highlighted my strengths and identified areas for improvement. I now have a clear roadmap for enhancing my interviewing skills and I am confident that, with continued practice, I will excel in actual interviews.

I am grateful to Shibrha for her knowledge and dedication as a mentor as she has played a crucial role in shaping my perspective and enhancing my understanding of various areas.

LASTING LEGACY

Although this chapter has come to a close, I am excited to apply the lessons and insights gained from our sessions as I continue to progress in my educational and career endeavours. I hope to remain connected and have further conversations in the future.
